RAILROAD DISASTER.

Trains Run Together on the Omaha Road.

FIVE KILLED AND FOUR INJURED.

The Trains Were Running at a High Speed and Met on a Sharp Curve—Disobedience of Orders on the Part of a Conductor and Engineer—Names of the Killed and Injured.

Hudson, Wis., June 8.—Five men were instantly killed and four were badly injured by a collision on the Omaha railroad near Hudson Junction yesterday afternoon. The trains were running at high speed and met on a sharp curve affording the crews no possible escape.

The dead are:
E. S. Hurd, laborer.
Joseph Leightseiser, laborer.
Thomas Reilly, laborer.
Milton Swain, laborer.
Herman Reby, fireman.
The injured are:
Engineer Brogan, head bruised and face injured.
James Owne, conductor, slightly hurt.

A. Scittleman, engineer pile driver, Menominee, Wis., legs badly bruised, internally injured; will probably die.
Frank Thayer, Altoona, Wis., foreman, fatally injured internally.

The way freight, westbound, was coming in at the rate of 18 miles an hour, when upon turning a short curve on a down grade it came upon a work train backing east at a speed of 35 miles an hour. The collision was something terrific. On the rear of the work train was the boarding car, in which were four men belonging to the work crew. They were never aware of their danger and were undoubtedly instantly killed. The car took fire and three bodies were burned in the wreck.

Herman Reby, fireman on the work train, was also instantly killed, but the body was recovered.

Both engines were totally wrecked. The wreck was caused by the disobedience of orders by Engineer James Owens of the work train and the conductor, who were given right of way to the westbound track. They forgot their orders and took the eastbound track, and did not discover their error until too late. Owens is nearly crazed and a guard has been placed over him.

The damage is estimated at \$50,000.

HELD FOR MURDER.

Another Chapter in the Recent Tragedy in St. Louis.

St. Louis, June 8.—Mrs. May Campbell, the Cincinnati woman, who last week surprised her actor husband in the rooms of Maude Devere and shot them both, was yesterday held for murder by a coroner's jury, which investigated the woman's death. Maude Devere hid Mrs. Campbell in a closet in order that she might have proof of her husband's faithlessness. Mrs. Campbell lost her temper and used a revolver.

The man was shot almost to bits while the woman was only slightly wounded in the leg. It was expected that Campbell would die and the woman get well. Now Maude Devere is dead and the man is getting well. The defense offered yesterday on behalf of Mrs. Campbell was that the bullet which struck Maude Devere was not intended for her and that her death was less the result of the wound than of malpractice at the hospital to which the woman was taken.

BEHEADED HER LITTLE CHILD.

An Insane Woman Offers Up Her Daughter as a Sacrifice.

MOUNT VERNON, Ind., June 8.—The story comes by way of Henderson that Mrs. Mary Holcomb, whose husband, a farmer, lives near West Franklin, in this (Posey) county, became possessed of the hallucination that she was divinely commanded to sacrifice her little 4-year-old daughter, and while her husband was temporarily absent, she cut off the head of the child, using a large butcherknife for the purpose.

After killing the child, she took the head and exhibited it to her colored cook, who disarmed and bound her, and then called her husband. Mrs. Holcomb has been troubled for some time with supposed cancer of the brain.

Base Ball Manager Resigns.

WASHINGTON, June 8.—Gus Schmelz has resigned the management of the Washington base ball club. The poor work of the Senators this season caused a demand for a change and he retired voluntarily. J. Earl Wagner will temporarily take charge of the team. A new outfielder will be engaged and other changes will follow unless the team plays winning ball.

A Fire With Almost Fatal Result.

WOLCOTT, Ind., June 8.—In the effort to bring the flames burning his brother's house under control, Louis Leopold, brother of the man who owned the house, was overcome by the excitement, smoke and heat, and may die. The fire completely destroyed the house, though the furniture was partly saved. The loss will reach \$300, with small insurance.

Vanadium Freight Wreck.

BRAZIL, Ind., June 8.—A wreck occurred on the Vandalia yesterday a mile west of Reelsville. A freight train broke in two going down a steep grade and the sections came together. Six loaded cars were wrecked. Traffic was delayed for some time, but no one was injured.

FALL OF AN ELEVATOR.

Five Men Injured, Two of Them Probably Fatally.

NEW YORK, June 8.—By the falling of a freight elevator in the Main street side of the postoffice yesterday, six men were more or less seriously wounded. Four were postal employes and the other two men were engaged by the contractors who have charge of the alterations now going on in the federal building. The injured are:

James A. Cox, 70 years old, examiner in the sea service of the postoffice department, Middletown, N. Y., internal injuries.

George W. Daley, railway mail service clerk, Easton, Pa., leg broken.

Frank Birdsell, Brewster, N. Y., railway mail service clerk, broken ankle.

Thomas McGovern, plasterer's helper, Brooklyn, broken back.

John Murphy, plasterer's helper, Brooklyn, broken ankle.

Joseph Luffler, 69 years old, elevator conductor, left arm broken.

Luffler had started the elevator from the ground floor with the five men and seven bags of cement upon it. When the Mezzanine floor was reached, the elevator almost came to a standstill. In a moment or so it shot up again until it had nearly reached the third floor, when there was a snap and the elevator dropped to the engine room, which is 20 feet below the level of the street.

Then the heavy steel cables began to unwind and the immense weight of the cables fell with a crash on the defenseless heads of the men imprisoned in the elevator, all of whom were more or less injured by the force of the fall.

There was some difficulty in getting the injured men out of the wrecked elevator, owing to the fact that the weight of the heavy cables rested on top of their bodies.

The elevator is one of the old-fashioned kind, operated by drum. It was inspected a month ago and pronounced in good condition. It is the judgment of parties who made an examination of the elevator after the accident, it had been overloaded.

The age of Mr. Cox and the severity of his injury makes his recovery doubtful.

Laborer McGovern is likely to die from the injury to his spine.

TRAGEDY ON THE STREET.

An Attorney Attempts to Kill a Young Lady and Shoots Himself.

WASHINGTON, June 8.—The throng of government clerks and others hurrying up Pennsylvania avenue near Four and One-half street, about 10 minutes to 9 o'clock yesterday morning, were startled by the attempted murder of Miss Dorothy E. Squires and the suicide of Charles Barber, patent attorney, who had gained much notoriety of late by his eccentric actions. Barber shot Miss Squires, and then turning the revolver on himself, put a pistol ball through his brain, causing almost instantaneous death.

Miss Squires is still alive. Barber had considerable of a patent practice, but had been growing more and more eccentric for several years and of late many of his friends thought him mentally unbalanced. Miss Squires formerly worked for him as a stenographer and upon leaving his employ he annoyed her with his attentions, threatening to injure her if she would not permit him to call. Finally the matter became so serious that she had to appeal to the courts for protection and he was placed under bonds to keep the peace. He seems not to have desisted, however, for since then the girl had received several threatening letters from him, in the last of which he announced that he would do something which they both would regret.

Barber also came before the Washington public in another but similar role a few days ago, being brought into the police court for an assault case, with some sensational features arising out of a struggle for a fine dog he possessed. He came to Washington from Plattsburgh, N. Y., and was associated in a few cases with the late Benjamin Barber of Massachusetts, the one-time presidential candidate.

REBELLIOUS BRAZILIANS.

Even President Moraes Is Threatened in Some Places.

NEW YORK, June 8.—A dispatch to The Herald from Buenos Ayres says: Serious threats and demonstrations against President Moraes of Brazil have been made in Sao Paulo according to a dispatch from The Herald's correspondent in Rio Janeiro. In several instances the military were ordered out to aid the police in quelling the disorder.

Much disorder has occurred in the Brazilian congress over the diplomatic correspondence with France in regard to the disputed territory of Amapa. The agitation was caused by the refusal of the minister of state to communicate the details of the correspondence to the chamber.

The government military school has been closed as a result of the insubordination caused by designing politicians and army men.

Rose Up Too Soon.

VALPARAISO, Ind., June 8.—Samuel Johnson of Chesterton, 9 years old, with some boy companions, went fishing at Calumet river. Johnson fished from the Lake Shore bridge, and on the approach of a passenger train laid down on the ties. He raised up too soon, and was struck by the step of the last car, throwing him 30 feet. He lived two hours.

Hailstorm in Texas.

ROGERS, Tex., June 8.—A very destructive hailstorm yesterday completely destroyed crops of all kinds north of here and great damage was done.

CALHOUN INTERVIEW.

Special Cuban Commissioner Back in New York.

RUIZ INVESTIGATION A FARCE.

The Spanish Witnesses, and in Fact All Those Who Testified, Were So Surrounded by Safeguards That It Was Impossible to Get at the Naked Truth—Other Cuban News.

NEW YORK, June 8.—William J. Calhoun, who was sent to Cuba as special commissioner to investigate the circumstances of the death in prison of Dr. Ruiz, an American citizen, reached this city on his return. He was accompanied by George W. Fishback, his secretary, and Charles M. Pepper, a newspaper correspondent, who went to Cuba with the commissioner. Ramon O. Williams, formerly United States consul general, came on the same steamer. Mr. Calhoun said that the commission held three sittings between May 29 and June 1, at Havana, Regulus and Guanabacoa. The papers examined in the case were chiefly military records. The final report will be made to Washington by General Lee.

W. J. CALHOUN.

"At the sessions of the committee," Mr. Calhoun said, in response to a reporter's question, "we examined several witnesses, but when you ask me if they were plentiful I can only say they did not run after us and we had to use no force to keep them away. They were composed of Spaniards and Cubans. The Spanish witnesses, and in fact all those who testified, were so surrounded with safeguards that it was impossible to get at the naked truth. One person whom we would have liked to hear could not be found. This was Rosende, who commanded the Spanish in the Guanabacoa territory. He disappeared and it was impossible to find him. Captain General Weyler did not put in an appearance at the investigation. We inspected the jail at Guanabacoa, and when we were there it was suspiciously clean."

"We learned that Dr. Ruiz was arrested on Feb. 4, charged with having some connection with an assault which took place on a railroad train between Guanabacoa and Havana. He was placed in solitary confinement, or as it is known there, he was incomunicado. Thirteen days later he was taken out of his cell on account of his mental and physical condition. It was then found that he was suffering from a severe wound on the head, and he died two hours after he had been released from the cell in which the secret of his injury is buried. The question of his American citizenship was never denied. The autopsy showed that he died from congestion of the brain. His body is buried at Guanabacoa."

"We had no possible direct proof of any assault whatever, and the conclusion arrived at must be based on the detailed evidence in the report of Consul General Lee, which is now on its way to Washington. I myself will make no report and I prefer not to say anything as to my idea of the affair until the report is made public by the proper authorities at Washington."

"The island of Cuba is rapidly being devastated by a relentless, cruel and bitter civil war, so that in a short time it will not be worth anything to anyone. It is difficult to get at the exact situation there. In the first place there is a severe censorship of the press and those who are naturally friendly to the Cubans hardly dare to express their views and opinions. Furthermore, the adherents of both sides are exceedingly intense. They tell their stories just as they want you to believe them. From the Spanish point of view the island is practically pacified, and from that of the Cubans, the insurgents never were in such excellent shape as they are now."

"Did you go into the interior of the island?" asked the reporter.

"Yes, I went from Havana to Matanzas. While both are on the sea coast, still to go from one point to the other by rail it takes you through a large part of interior country. I also made several short trips from Havana in other directions."

"What is the condition of the country?"

"It seems to be entirely depopulated, and there are no signs of any buildings standing except at the railroad stations. These, by the way, are practically forts. I was generally informed that the same condition of affairs exists throughout Cuba, from Havana to Pinar del Rio, except in the extreme eastern end. There is where the Cubans get their supplies and their cattle. They control that section now. It was the portion of the island which held out 10 years in the last war."

"Cuba is undoubtedly a magnificent country. It is rich and beautiful and the soil responds bountifully to the seed."

"While I am not called upon to make any formal report to the president, because I acted merely as counsel to General Lee in the Ruiz case, still I may be asked to tell Mr. McKinley and the secretary of state of the things which I have seen and heard in my brief trip to the island of Cuba. In that case I readily will do so."

Mr. Calhoun said that he had been treated courteously while in Cuba by all those with whom he came in contact. His visit was a very pleasant one, but owing to the bad weather which prevailed during his stay, he was unable to visit the interior.

Mr. George W. Fishback, who is Mr. Calhoun's secretary, was reticent when spoken to in reference to his trip, but he made one significant statement: "We did not go within the insurgent lines, but all the insurgents, however, are not within the lines."

Mr. Williams said he had been traveling through Mexico, and had a very enjoyable trip. When informed that his name had been mentioned for the Spanish mission, he expressed surprise, and said he had not received the offer.

Mr. Williams was asked what were his impressions of the present condition of affairs in Cuba. He replied:

"They are just as I predicted in my reports a quarter of a century ago. Spain will have to make concessions the same as England did to her colonies. The Cubans must be allowed to make their own laws and have entire control of the expenditures of their finance."

THREE FRIENDS DISMISSED.

Not Proven That She Had Violated Neutrality Laws.

JACKSONVILLE, Fla., June 8.—In the United States court Judge Locke yesterday handed down a decision in the case of the steamer Three Friends charged with violating the neutrality laws by carrying a filibustering expedition to Cuba and also as an armed vessel, dismissing the libel for forfeiture. In giving the decision, Judge Locke said:

"The care in examining the evidence in this case fails to find any testimony showing that the vessel was fitted out and armed within the limits of the United States. It does not show that she was loaded with arms and ammunition within 15 or 20 miles of the shore. The further charge that the vessel took on additional arms or ammunition on the island of Navassa, which is American soil, was not confirmed by the testimony. It shows that the vessel touched there for a short time, but it does not show that it did anything that is in violation of the neutrality laws of this country."

Three other cases are pending against the vessel, but they are likely to be dismissed, as the evidence is much the same as in the present case. The district attorney will await advice from Washington as to what future action to take in the present case.

MAY BE LEE'S SUCCESSOR.

WASHINGTON, June 8.—Ex-Congressman Frank Aldrich of Chicago is in the city. His purpose in visiting Washington at this time is to consult with Special Commissioner Calhoun, respecting affairs in the island of Cuba. While Mr. Aldrich declines to commit himself in any way, it is confidently believed by his friends that he has been selected by President McKinley for the office of consul general to Cuba, and that he will relieve General Lee before long.

MURDER IS SUSPECTED.

Mysterious Death of a Farmer Near Terre Haute.

TERRE HAUTE, Ind., June 8.—The coroner is in doubt as to the cause of the death of James Butts, aged 38, a well-to-do farmer, living east of town. Near "Twelve Points," a sort of roadhouse north of town, a street car ran over a man late Sunday night. The head was on one rail, the feet on the other, and when the wheels struck the body, the top of the head was cut off, the brain being scattered along the track. A bottle of whiskey was found on the dead man's body.

The place where he was found is the darkest on the entire system, and there was but little change found in his pockets. Two unknown men were seen slinking away from the scene just after the body was struck. One night last week a car ran into a tie which had been placed on the track at this spot, and some presume that this was done to ascertain the likelihood of the motor-man discovering an obstruction on the track. Butts leaves a wife and daughter. He had been employed at the county infirmary for five years.

A Fight on Saloons.

JEFFERSONVILLE, Ind., June 8.—A fight is being made in the townships of Monroe and Silver Creek upon the saloons, which have to apply for license at the term of the commissioners' court, which began its session yesterday. It affects four or five saloons in Silver Creek and two in Monroe. The anti-saloon people claim to have a majority of the voters on their remonstrances, while their opponents claim that minors and non-voters have affixed their signatures. The fight is creating much bitterness in Sellersburg, the center of the cement district.

Catholic Priests Arrested.

VANCOUVER, B. C., June 8.—The officers of the steamer Hupeh, which has just arrived from the Orient, states that when in the Philippine islands on their last trip, it was learned that the Spanish government had captured 25 Roman Catholic priests supposed to be in sympathy with the rebels, and had arrested them.

URBANA TRAGEDIES.

Governor Bushnell Investigating the Affair.

WHY THE GOVERNOR WAS MISLED.

Some Officious Person Represented Himself as the Sheriff and Talked Over the Telephone—One Thousand Men Thrown Out of Work in Cleveland—Iron Workers' Troubles—Other State News.

COLUMBUS, O., June 8.—Governor Bushnell last night began an official investigation of the military place of the Urbana affair, Adjutant General Axline assisting him. The governor was in his office until late at night and heard the statements of Colonel Anthony of the Third regiment, Captain George N. Leonard and Lieutenants R. C. Campbell and W. C. Gifford of the Urbana company. It developed that Sheriff McLain did not have telephonic communication with the governor on Friday night as had been reported.

Captain Leonard stated that at the time the governor talked over the telephone, as the governor believed, with the sheriff, the latter was in the jail and had no means of getting to a telephone. It is believed that some officious person representing himself to be the sheriff, communicated with the governor and that the real facts were not made known, the idea being to convey a false impression to the governor. The fact that Sheriff McLain telegraphed for troops is not denied, but the previous misinformation regarding the situation telephoned to the governor, misled him in judging of the necessities that the occasion demanded when the formal call for troops was made.

The governor will investigate the matter thoroughly. He has received assurance that it will be perfectly safe for the officers of the Urbana company to return home and they will go to Urbana in a couple of days. Prominent officials and citizens of Urbana have advised against civil action in Champaign county, and the talk of indicting the officers of the Urbana militia, it is now believed will come to naught.

STANDARD OIL WORKS SHUT DOWN.

Nearly a Thousand Men Thrown Out of Work in Cleveland.

CLEVELAND, June 8.—At noon yesterday the entire plant of the Standard oil works in this city shut down for an indefinite period. The foreman told the men that there would be no work for weeks and may be a much longer time. The men believe that during that time another section of the plant will be abandoned, carrying out the Standard's policy of making in this city only enough oil and other products to supply the home demand.

Close to 1,000 men are thrown out of work by the shutdown.

It is said that the Standard has an immense stock on hand in the Kingsbury run warehouses, enough in fact to supply all the demand in this district until Jan. 1, 1898, or longer.

IRONWORKERS MAY BE OUT.

The Mill Owners Say They Will Not Sign the Amalgamated Scale.

YOUNGSTOWN, O., June 8.—In anticipation of the scale conference to be held here this week, a discussion of the scale has taken place in several lodges of finishers with the result that mill owners have decided that unless there is a rapid advance in the price of iron, they will not sign the amalgamated scale and that all the Mahoning valley mills will close July 1.

Members of the Amalgamated association will stand for a piddling scale at \$1.50 agreed on at the Detroit convention. The mill owners say they should not pay more than \$4.

Shortage of a Receivership.

COLUMBUS, O., June 8.—General E. R. Cowen, clerk of the United States court, yesterday reported that there was a shortage of \$71,000 in the receivership of the Lancaster and Harlem Railway company. The court at once removed W. H. Stevenson of Connecticut from the receivership, and ordered him to report. John C. Short was the original receiver, and was removed to give place to Stevenson. It is not known who is responsible for the shortage.

Oil Driller Instantly Killed.

BOWLING GREEN, O., June 8.—Edward Beeman, an oil driller, was killed last evening at Mungen. A rope broke, letting a 50-pound weight suspended in the derrick fall 60 feet. It struck Beeman on the head, literally crushing him to the floor. Death was instantaneous.

Engagement Announced.

YOUNGSTOWN, O., June 8.—The engagement is announced of Miss Anna Stambaugh, a niece of President McKinley, and David Tod, the nephew of Ohio's famous war governor of the same name. The wedding is to take place in September next in this city.

Suicide by the Carbolic Acid Route.

STUBENVILLE, O., June 8.—William Reynolds, aged 21, of Toronto, committed suicide by the carbolic acid route over a girl. He left two letters addressed to his sisters to be opened after death.

Turkey Wants Thessaly.

CONSTANTINOPLE, June 8.—The tenacity that the Turks are displaying in their demand for the reannexation of Thessaly promises to make the work of arranging a peace treaty a laborious task.

INDICATIONS.—Rain; fresh variable winds.

"FORTY-ONE leather firms in Chicago protest against the duty on hides. But the beef trust cuts more ice," says the Boston Transcript, independent Republican.

The yellow element of the Democratic party—the Goldites—have decided to hold a State convention June 14 to nominate a candidate for Clerk of the Court of Appeals. Judge Yost, Tony Carroll and R. H. Elliston are spoken of in connection with the race. Tony stands in with the Courier Journal crowd, who largely compose the bolting element, and if he wants the nomination he will get it. They confidently count on the Republicans to endorse their man.

The Republicans in the Senate are pushing the tariff bill at the greatest possible speed. They are occupying no time in its consideration except to answer the criticisms from the Democratic side, and if it fails to pass during the month of June, the fault will rest with the Democrats.—Public Ledger.

Wonder how they'll answer the criticisms of ex-Senator Ingalls, one of their own prominent party men. His denunciation of the sugar schedule could hardly be made stronger. It is published elsewhere. Read it, and see how the great Republican party is betraying the people. No wonder they are opposed to any investigation of the sugar schedule.

THE SUGAR TRUST WORSE THAN TRAIN ROBBERS.

In discussing the case of Elverton R. Chapman, the New York broker and recalcitrant Sugar Trust witness, who is now in jail at Washington, D. C., for refusing to answer questions put by the Senate Committee, Ex-Senator Ingalls (Rep.) of Kansas, says:

"In the old, barbarous days, if a common, plain, plug citizen violated the laws and was convicted and sentenced to imprisonment, he was hustled into the Black Maria with a policeman on the step and turned over to the jailer with unfeeling and inhuman lack of ceremony. But here, when a man suspected of corrupting legislation defies the Senate and is convicted by due process of law, the execution of the sentence is deferred till the delinquent has expressed his readiness to endure the penalty. Obsequious attendants receive him upon his arrival in the city as a distinguished guest. He is consulted about the hour when he prefers to have his incarceration begin. A diagram of the prison is submitted to him that he may select the most eligible apartments. Persian rugs alleviate the harshness of the stony floor. Vans of furniture are forwarded to replace the simpler appointments of the cell. Trunks of fashionable apparel are conveniently stored for his access. Fellow-prisoners are detailed to act as valets of the chamber and cup-bearers. A daily menu is prepared by a great chef for the selection of viands and beverages to solace his weary hours. Eminent citizens in carriages escort him to the gate. The iron cot is found to have been removed to make place for brass bedstead, with luxurious upholstery, whereon this minion of fortune may woo 'tired nature's sweet restorer, balmy sleep.'"

"Bryant evidently had modern Washington justice in mind when he advised man to so live that when his summons

came to join the innumerable caravan he should not go like a galley slave, scourged to his dungeon, but—

"Hereafter, should this example be imitated, men will come to Washington to commit crime, as in ancient days they went up to Jerusalem to worship."

"What should be done about the sugar schedule?" Mr. Ingalls was asked.
"It would be better that the tariff bill should fall than that the Senate sugar schedule should stand. It is the most brazen and audacious hold up of the century. It makes train robbing respectable. It has no excuse, except the insatiable greed and rapacity of the most shameless squad of plunderers that ever escaped the penitentiary. Ordinary marauders are content to rob a bank or scintilla a community. These brigands propose to pillage the nation and to compel Congress to become their accomplices. The trust schedule will destroy competition, annihilate the beet sugar industry and add to the oppressive burdens of every citizen of the United States, for the avowed purpose of swelling the already inordinate gains of a remorseless monopoly. These are the performances that explain Populism, and which, if not restrained, will make anarchy possible."

Shackelford Very Popular.

[Cincinnati Enquirer.]
Mr. W. J. Hon, whose home is in Owensboro, Ky., business headquarters here, in speaking of Major Sam Shackelford's nomination for Clerk of the Court of Appeals, gave the Enquirer this cheering news:

"Sam, as everybody calls him, will, I believe, get every gold Democratic vote in Western Kentucky by reason of his personal popularity, albeit he is a staunch free silver man. I have heard Republicans in Daviess, his home of late years, say they will vote for him, and the gold Democrats, including popular Mayor Hickman, of Owensboro, are almost a unit for him, and he will carry the county by 3,000 majority, double the Democratic majority it gave last November. His old home, Hopkins County, will go overwhelmingly for him. He will carry the State by 30,000."

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

ROASTED BY THE COURT

Were Some Lawyers Who Sought to Gobble Damages Given a Crippled Girl.

INDIANAPOLIS, IND., June 5.—Flora Evans, a young girl of Portland, Jay County, lost a leg and arm by being struck by a Lake Erie and Western train, and several days ago secured a judgment in the Federal Court against the company for \$7,000 damages. As soon as it was rendered, attorneys in the case filed liens on the judgment for its full amount. Judge Baker to-day called the attorneys before him. M. S. Williamson, a Portland attorney, who had taken a lien on the judgment for \$3,500, was called upon by the court for a statement of services and confessed that he had an agreement with the girl's guardian by which he was to give him one-half of his fee.

Judge Baker denounced the transaction as an outrage, and the guardian declared that the statement was false. Williamson finally admitted that his services were not worth more than \$300. After all the attorneys had been heard Judge Baker declared that he would not allow the fees claimed and that the aggregate going to the lawyers should not exceed \$2,000.

"It frequently happens," said the court, "that the victim, who is crippled and maimed, is forgotten; that the poor victim goes through life with a maimed and mangled body to remind her that it furnishes the basis for an action out of which attorneys reaped large rewards. The judgment in this case is covered by liens that amount to more than the judgment. If they were to be allowed, this unfortunate girl would have the satisfaction of going through life with an arm and leg gone, while the whole of the \$7,000 recovered from the corporation had gone to the attorneys in the case."

Miss Evans was in court at the time and as the Judge concluded she stepped forward and thanked him for the protection he had afforded against the greed of the attorneys.

Frank Power Stricken.

Frank L. Power, the well-known tobacco capitalist, of Cincinnati, was stricken with paralysis at his home in Augusta at an early hour Sunday morning. He was still in a critical condition at last accounts.

Mr. GEORGE DENBAR, who has been seriously ill several days, was "somewhat better this morning."

CITY OFFICERS.

When Elected, Their Terms of Office and Their Salary.

Proceedings of Council Last Night—The Board of Health—Fish Mongers' License Repealed—Other Matters.

All members of Council were present at the adjourned meeting last night, except Mr. Hutchinson, Mayor Cox presiding.

An account of S. B. Oldham amounting to \$21.40 for some plumbing done at the alms house was allowed.

Ordinances were passed providing for the election of the various city officials and fixing their compensation as follows:

The Mayor shall be elected by the qualified voters at the regular November election, 1897, and every fourth year thereafter. His salary was fixed at \$400, and he shall also receive such fees as are specifically provided.

The Judge of the Police Court shall be elected by the qualified voters at the regular November election, 1897, and every fourth year thereafter. His salary was fixed at \$1,000. The fees and costs of his office, except fees in civil cases, shall be paid into the city treasury.

The Chief of Police shall be chosen in the same manner and at same time as the Mayor and Police Judge. His salary was fixed at \$750, and he is to receive in addition the fees of his office. Some members of Council were in favor of fixing his salary at \$1,200, others at \$1,000 and others at \$900. A motion to place it at \$900 was lost.

The Clerk of Council shall be elected in same manner and at same time as the officers above, and his salary was fixed at \$500. He is required to be at his office from 9 to 11 a. m. daily, except on Sundays and legal holidays.

The Assessor shall be elected as the other officers above. His salary was fixed at \$250.

The City Attorney shall be chosen by the Board of Council at the regular session in 1897, and every two years thereafter. His salary was fixed at \$300, and he shall receive in addition thereto 20 per cent. of all fines and forfeitures which are collected.

An ordinance was introduced exempting members of the volunteer fire companies from service on juries in the Police Court, and also from payment of a city poll tax. It went over till next meeting.

An ordinance was also read exempting fish mongers from payment of the license of \$5. The rules were suspended and the ordinance adopted by a unanimous vote.

Last March the Ladies' Aid Society of the Christian Church gave a social. They were required to take out "victualing house" license before they could serve refreshments consisting of cakes, cream and coffee. Last night Messrs. C. L. Sallee and A. H. Thompson appeared for the society and asked that the license, about \$8.50, be refunded. Quite a discussion followed, Mr. Sallee claiming that giving a social entertainment for probably only one evening in a year was quite different from conducting a "victualing house." Mayor Cox was of a contrary opinion and the two became rather warm over the matter. Mr. Sallee also thought that all societies should be treated alike in such matters and referred to the fact that the ladies of the Y. M. C. A. had given a social where refreshments were served, and had not been required to take out a "victualing house" license. Mayor Cox replied that the Y. M. C. A. social was given while he was absent from the city, and that had he been at home he would have required them to take out a license. He had just learned of the latter social, and said he would take pleasure in paying the license himself to-day. A motion was finally made to donate the ladies of the church the amount of the license, but it was lost, the vote resulting—

Yeas—Blatterman, Dressel, Eitel and Newell.

Noes—Crowell, Smith, Pearce, Stallcup, Heiser, Dersch, Frost.

Mr. Frost then asked that the license of \$3 paid by the Central Presbyterian Church for the social entertainment last Friday night be refunded. The motion was adopted by a unanimous vote. The ladies of the Central Church charged for admission and that entitled the guests to refreshments consisting of ices, cakes, &c.

Wm. Dersch, Wm. Sproemberg, James H. Hall, J. F. Moran, Wm. Wormald, M. F. Marsh and J. B. Orr, Jr., were nominated for members of the Board of Health.

Mr. Marsh stated that he would not serve if elected, and he was withdrawn. Messrs. Dersch, Sproemberg and Hall were elected.

A brick gutter was ordered put down on Front from Patton alley to Sutton street when the property holders put in new curbing.

STATE BICYCLE MEET.

How Cynthia Will Entertain the Visiting Members of the League.

The State meet of the Kentucky division of the League of American Wheelmen at Cynthia June 22 and 23 promises to be one of the most successful ever held by the division. The meet was to have been held there last year, but as Louisville had the National meet there. Cynthia withdrew her claims to the privilege of entertaining the league members in this State, and the State meet was combined with the other. Preparations for this year's event have been in progress for several months, and are now about complete.

The attendance from all parts of the State is expected to be large. Louisville will be represented by a delegation of about fifty.

On Tuesday the meet proper begins. The first thing will be a parade of the visiting wheelmen. This will be followed by the business meeting of the division, which will be addressed by Mayor Ashbrook. In the afternoon the races will begin at the fair grounds. On the second day at 8 a. m. the visitors will participate in a run to the Megibben-Edgewater Stock Farm and to Battle Grove Cemetery, and in the afternoon there will be a run to Abdallah Park, returning in time for the second day's races. In the evening there will be a stag lunch and smoker.

The races will be among the best that have ever been witnessed in that part of the State, there being on the card ten races for first day and nine for the second. Interest is centered in the Kentucky State champions hips for the various distances, some of which will be contested on both days. In their invitation to the wheelmen of the State to attend the meet, the Cynthia Meet Club has sent out the following:

"Wheelmen will find a cordial welcome awaiting. Cynthia—sweet, prudent soul—is primping demurely. Anna—frolicsome and gay—eagerly waits the game of hearts—Both ride a wheel. Let eyes look love to Cynthia and perhaps eyes may speak love again. Flirt gayly with Anna. Nature built Lovers' Lane for no other purpose.

"The city shall be wide open to wheelmen. Nothing is too good for them, and nothing in this glorious Blue Grass Region is too good for Cynthia. Come early and stay late."

HOUSE PROCEEDINGS.
Three Bills Passed and a Three-Day Adjournment Taken.

WASHINGTON, June 8.—Mr. Bailey (Dem., Tex.) the minority leader, was in his seat when the house met yesterday for the first time in a fortnight.

On motion of Mr. Dinsmore (Dem., Ark.) the senate resolution to permit Carlos Gutierrez of Salvador to be received as a cadet at West Point was adopted, and on motion of Mr. Morris of Minnesota the senate bill to amend the act to authorize the construction of a steel bridge across the St. Louis river, was passed.

A senate bill to authorize the construction of a bridge across Pearl river, Mississippi, was passed.

Mr. Grosvenor of Ohio then moved an adjournment.

"As long as the Cuban resolution and the bankruptcy bill are undisposed of," interposed Mr. Bailey before the vote was taken, "we feel constrained to resist these motions to adjourn."

The opposition scored its first victory this session, when on a rising vote the motion to adjourn was defeated, 79 to 80. The opposition cheered the announcement. Mr. Grosvenor immediately demanded the yeas and nays, which were ordered. The rollcall reversed the previous vote and the motion to adjourn was carried, 91 to 79; present and not voting, 11.

Mr. Terry made the point of no quorum, and the further point that the house could not adjourn for more than one day without a quorum. The speaker declined to hear him, calling attention to the fact that with those present and not voting a quorum was present. He then announced the house adjourned till Thursday.

In the Senate.
WASHINGTON, June 8.—The senate yesterday disposed of the lumber paragraph which has been more stubbornly contested than any feature of the bill thus far, by defeating the motion of Senator Vest, to place white pine on the free list, yeas 20, nays 35. The contest was mainly significant in breaking party lines which have been maintained with few exceptions during the early days of the debate. On the final vote, eight Democratic senators voted against Mr. Vest's proposition namely: Messrs. Bacon and Clay of Georgia, McEnery of Louisiana, McLaurin and Tillman of South Carolina, Martin of Virginia, Rawlins of Utah and White. On the other hand Mr. Carter, Republican, and Messrs. Cannon and Mantle, Silver Republicans, voted for the Vest motion. Following this, a vote to substitute the Wilson lumber schedule was defeated, 21 to 37, and the schedule was agreed to as reported.

TWO PEOPLE BADLY INJURED.
Nine Families Rendered Homeless by a Fire in Chicago.

CHICAGO, June 8.—Five 2-story frame dwellings were badly damaged and nine families were rendered homeless by fire which broke out yesterday evening at 201 Jefferson street. Several people were carried from the burning building and two received severe injuries. The injured are:

Mrs. Mary Wolfson fell down a flight of stairs and fractured her skull; may die.

Adolph Ziv, injured while rescuing Mrs. Minnie Silverman from the building at 201 Jefferson street. Mrs. Silverman is an invalid, and the excitement may cause her death.

The damage by fire and water was about \$20,000.

Recovering From the Flood.
NEW ORLEANS, June 8.—The Conrad crevasse is a thing of the past. At 5:30 yesterday evening the break was effectually closed and the hands were taken off the work. The water is receding from the fields rapidly, and those planters who have had their cotton killed are planting again as the water leaves the land.

ORANGE, N. J., June 8.—Snow fell here yesterday, but the flakes melted as they struck the ground. The squall attracted general attention, as few residents here had ever before seen snow in June.

THE NICKEL PLATE CIRCUS.
A First-Class Performance Given Shows Here Thursday.

Harris' Nickel Plate Circus gave a most excellent performance both afternoon and evening yesterday, on the old ball grounds on Howard avenue. To many it was more enjoyable than a large circus, as there is only one ring, and all the performance can be easily seen. The riders, tumblers and trapeze performers were excellent, and "Zolo," the contortionist, was wonderful. The trained ponies and mules are also well received. There were usual side shows and concert. The admission is 10 and 20 cents, and the performance will be repeated this afternoon and evening, and should be witnessed by large audiences at each performance. Taken all together, it is an excellent performance and worthy of good attendance.—The New Haven (Conn.) Leader.

This show will give two performances here Thursday. The tents will be at the base ball park, easily reached by electric cars.

The man with a weight on his leg can't hope to win the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

Election Judge Solicits.
CHICAGO, June 8.—August Miller, an election judge in the Twenty-eighth precinct of the Twenty-sixth ward, shot and killed himself yesterday after having been excused for half an hour on account of illness. Miller had been acting peculiarly all morning and was finally told to go home for a while. Without a word he walked out, went to his room, got a revolver and, going to the barn, about 100 feet from the house, put a bullet into his brain.

Illg Str. ke Broken.
PITTSBURG, June 8.—The strike at Jones & Laughlin's American iron works is broken and a general resumption is expected in a few days. When the gates were opened the machinists, chainmakers, boilermakers and foundrymen returned to work. Over 700 men are now working and the impression is general on the South Side that all the old men will go back before the end of the week. There was no demonstration.

Disastrous Freight Wreck.
PARKERSBURG, W. Va., June 8.—A disastrous freight wreck occurred two miles south of here on the Ohio River railroad. The train was derailed, wrecking two tank cars, filled with gasoline. A brakeman ran forward from the caboose with a lighted lantern, and the lantern flames ignited the gasoline and caused an explosion. John Mitchell and Fred Abbott were badly burned.
